

JOB POSTING

Position Stem Cell Specialist
Location Minneapolis, MN
Contact info@anatomic.tech // (612) 208-6735

Company Description

Anatomic is an innovative stem cell engineering firm creating relevant models of human disease. Using deep understandings of transcriptional developmental biology, our goal is to manufacture and connect all interacting cell types in the human body in the most physiologically relevant manner possible.

Our team is setting aggressive goals and requires help with basic mammalian cell culture and analytical techniques. You will be tasked with manufacturing our current products, while helping to discover brand-new knowledge that will make an immediate commercial impact.

Responsibilities

- Manufacturing media formulations following standard operating procedures
- Manufacturing cell products following standard operating procedures
- Monitoring and maintaining supply levels
- Documenting workflows and creating standard operating procedures
- Experimental planning and execution
- Immunocytochemistry staining and fluorescent microscopy
- Additional responsibilities required as needed

Requirements

- Applicants must have at least an Associates Degree in a biology-related discipline
- A strong ability to self-start, self-teach, and figure things out
- Strong analytical skills and healthy skepticism
- Ability to communicate effectively and efficiently
- Mammalian cell culture expertise is a plus
- Ability to work weekends
- Team player

Benefits

- Work on the cutting edge of stem cell biology and drug discovery
- Plenty of learning opportunities
- Opportunities for upward mobility in a growing company
- Competitive compensation in salary and equity
- Flexible scheduling to account for weekend work

Additional Information

- Job Type: Full-time
- Salary Range: \$35K - \$55K
- Schedule: Core Hours 10 AM – 3 PM M-F; Flexibility with Other Hours and Weekend Work
- Significant Work Activities and Conditions: Continuous sitting for prolonged periods (more than 2 consecutive hours in an 8 hour day)

Equal Employment Opportunity Employer At Anatomic, we value bringing together individuals from diverse backgrounds to develop new and innovative solutions in the stem cell and neuroscience fields. As an equal opportunity employer we do not discriminate on the basis of race, color, religion, national origin, age, sex (including pregnancy), physical or mental disability, medical condition, genetic information gender identity or expression, sexual orientation, marital status, protected veteran status, or any other legally protected characteristic.
